Dear Fisher,

Send me a notice of the College Memorial Meeting. We never had a better friend than Weir Mitchell and it is wonderful what he did for the old College.

I am glad you have got a good list of Champerius, as his books are of a very great interest and increasing much in value. I read a paper last night on the early printed medical books to 1840 and had an exhibit of 15 of my own, 6 from the College of Surgeons, 4 from the Royal Society of Medicine and 8 from the Wellcome Historical Exhibit. I have got a number of photographs of the rarer books and have collected information in all about 180 separate editions to 1480.

With greetings for the New Year,

Sincerely yours,

Wm Osler
