

13 Norham Gardens, Oxford.

Jan. 30th, 1914.

Dr. C. P. Howard

Dear Campbell:-

We have been so distressed and worried about dear Otille. It is just too sad to think of the dear thing having been so ill. I hope by this time your anxieties are over. Your cables have been comforting. To have pneumonia on top of all the others must have driven you crazy. I hope the baby is picking up. Give Otille my dearest love.

Yours affec.

Dorie O.
