(To Prof. A. T. Gesner)

Dear Prof Gesner,

Many thanks for your Bibliography of the Gesner family in America which is full of interest. I am sorry you have no evidence of direct descent from the great Conrad, but it is a great honour to belong to the same family. I have long been a collector & student of his works. Dr. Abraham Gesner was a remarkable man. I have heard Sir Wm Dawson refer to him very often.

With many thanks.
