(Dr. W. S. Thayer)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

9, May, 1914.

Dear Thayer,

It is a very satisfactory solution of the difficulty, as Janeway will be a very acceptable colleague, and is not only a first-class investigator, but a first-class fellow. All the same, his acceptance only accentuates future difficulties, as he would not accept the position if he had not private means.

Sincerely yours,

Love to Sister Susan
