Dear Osler,

Vesalius Demonstration:

Your letter was read at the last meeting of the Council, and I was instructed to ask the Council of your Section to draw up a programme of what they propose and to send it to me as soon as possible, with particulars of the extent to which they will require the Society's premises for this purpose, and during what hours and days.

Yours very truly,*

J. W. MacAlister

** But with a sore heart - & keen disappointment
I had so looked forward to 2 years of
real & rapid progress under a favourable
Western wind - and now! Heigh ho.*
