(To HON. Featherston Osler)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

September 24, 1914.

Dear Fen:

I have sent word to Brown at Orillia that there is no possibility of his getting an appointment with the Canadian hospitals here, as we are full; but he would have a much better chance with the Canadian contingent, or with the Red Cross people.

I am sending you the proofs of Father's journals, some of which require a little correction. Please look them over and return as soon as possible, as we want to get out the volume for Christmas. As I told you, I am having some of the more interesting documents reproduced.

Affectionately yours,

W. O.
