

From the Regius Professor of Medicine, Oxford.

CUS417/118.51

2, October, 1914.

Dear Garrison,

I send for the Library a photograph of the indenture of my uncle, Edward Osler, to a surgeon, which will be interesting if you have not got anything of the same character. They are not very common.

With kind regards to the Surgeon General.

Sincerely yours,

Wm. Osler.
