Jos. J. Walsh

Dear J.J.W.,

What an industrious old sinner you are! That is a splendid book. Lady Osler will write and thank you herself. It is full of all sorts of interesting things. I am glad you deal so lightly with that fine character Henry VIII. I wish you could come to our Founder's Day Service at Christ Church. You would then really appreciate what we think of him.

We are seeing a great deal of the Louvain professors, fifteen of whom are here. I see you have got a beautiful picture of the Hotel de Ville.

Sincerely yours,

(Signed) Wm. Osler.
