OXFORD.

Dear Mabel

Just a line to say that all goes well - only the heart-ache for friends whose fine boys have been killed. It is sad reading every morning. So many of our young friends here have been taken Oxford is one big camp & hospital. We have 1000 beds now.

Our Belgians are doing well - about 15 Professors with their families.

I hear you are fat! Hurry with that photograph!

Love to the darlings

Yours affectionately
