Dear Mab:

So nice to hear from you. Sorry to have made a mistake in your address. I am delighted to have the picture of your house. What a nice place it must be!

Everything here is going fairly well, though, of course, the heavy losses are rather depressing, but things are much more hopeful than one could have expected a few months ago.

As I think I told you, I was to have sailed on the 3rd of September, and my wife and boy did sail for Quebec, and returned on the same steamer.

I hope if you come over next year you will let me know! Love to Mrs. McEachran and to Jean.

Sincerely yours,

W^m Osler.
