OXFORD

Dear Wright

So nice to hear from you. Love to the family all. We are over head & ears in work. Such a job to look after 21 Belgian Profs. & their families. Fortunately we have got money from the U. S & from the Rockefeller Foundation. There are 1000 wounded in the big schools & the town hall - many slightly, fully 75% will return. Some of the Canadian contingent spent Xmas with us. They have had a deuce of a time with mud & rain. The worst winter we have had for years. My boy is in the Oxford Training Corps. The country is in fine form & very hopeful.
Ramsey Wright well & very happy here.

Yours ever,

WM OSLER
