

From the Regius Professor of Medicine, Oxford.

9, January, 1915.

Letter (Typewritten)

Dear Archie,

I enclose you a letter from Muriel Galt, daughter of the late Sir A. T., and cousin of Frank Shepherd's. She is an A.I. woman, talks French like a native, and is anxious to get work at your hospital.

Revere has had an offer by cable to join Birkett's contingent, and possibly he could not do better, as it would be nice for him to get with a group of Canadians.

I send off your letter, and am anxiously waiting number two. They will make a very interesting series.

Greetings to your Surgeon in Chief.

Sincerely yours,

Wm. Osler.
