Dr. E. P. Howard

Dear Campbell:

That is a very flattering offer (you did not enclose his letter) but of course you must have the details you ask for. There are two points in my mind - first if not academic I would hesitate, and second, I do not like ^[Murphy] J.B. personally. Perhaps that is because I do not know him well. He is a big surgeon but how he is as a man and ^{college} ~~college~~ I do not know. Men who do know him say his exterior is the only thing agin him. I hope to cross on Wed. and we can talk it over. I should like to see you back in Montreal with a good clinic at one of the hospitals. The school needs you. I had hoped to talk with Peterson this summer about it but he has not come over.

Revere is worrying about whether his job is the right one or not. He feels that he is not earning his salt. I suppose he has not got into the work at wh. I dare say he is an awful duffer.

Grace ^{has} that they sail on the 6th. I hope you will be able to get a weeks leave. It will be delightful to have them all here. I am looking forward to a winter of ^{great} ~~sweet~~ pleasure with the kiddies.

Yours,

W.O.
