(To Leonard Mackall)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

9 April, 1915.

Dear Mackall:

So glad to hear from you - only I wish you had landed in England as there are all sorts of things I would like to talk to you about. I hope you have had a good visit.

Everything goes on here as usual. Revere is at the Canadian Hospital, Clevedon, getting some instruction in quartermaster's work before he joins the McGill unit as Birkett's orderly officer.

Do you go on to Jena? Do, if you have the chance, give my hearty greetings to the Ewalds in Berlin and to the Müllers in Munich. As you pass through Holland somewhere just pick up that 1688 Dutch edition "Alle de Wercken" of Browne!!

Billy Francis comes over with the McGill unit - 358 strong.

If they do not treat you well in Jena, or if they decide to turn out all Americans from Germany, we will give you a separate alcove in the Bodleian!

Sincerely yours,

W^m Osler
