(From Mr. Enoch's, sec'y's, notebook)

(To Dr. Wilfred Buckley,
Basingstoke, Eng.)

Apr. 24, 1915.

Dear Buckley:

Yes, with pleasure! The thing will be to get an influential number of the District Council in each county to take up the matter. The important demonstration to the farmer is that he can have clean byres, clean cows and clean milk without much extra expense.
