(To Lt. Col. Sir Leonard Rogers, I.M.S.)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

17, May, 1915.

Dear Rogers:

Delighted to have the books,^{*} which are just what I wish; but I am an avaricious collector and am asking Professor Hoernle to give me an additional list which I may send on to you, and perhaps your friend Haraprasad Shastri would help to get them.

I think the Royal Society matter can be arranged later. Have you ever had any trouble with Bradford? He is a man whose recommendation on the Council, of course, is all-important.

Glad to hear of the good work with cholera, and that the hospital plans are working out.

With many thanks,

Sincerely yours,

Wm Osler.
