

(typewriting)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

(Dr. W. S. Thayer) ^{CUS417/120.11}

10, July, 1915.

Dear W. S.,

Do let me hear how Sister Susan is getting along. It is very worrying to hear of her illness. I hope you will get her away somewhere for the summer and that she will improve.

Everything here goes smoothly at present. We are very busy, and the house full. Revere has gone off to France with the McGill unit. It is a splendid opportunity for him, and he writes very happy letters. Just at present it is a slack time. I am afraid Campbell Howard will not find much to do for a time in the medical way.

Love to you both.

Ever yours,

Wm Osler
