Letter (Typewritten)

Dear Archie,

Glad of the list. I look forward to seeing that library with much interest. We had hoped to get over this week end, but unfortunately, I have somebody coming from Edinburgh on an Aristotle quest. I have written to day to Mr. Roberts at the Record Office asking if there are any Finch and Baines letters and if they have been published, and if not, where we could get access to them.

Sincerely yours,  
Wm. Osler.
