Dearest Gwen

Thanks for the photos of the chicks - such darlings. Maizie always raves about them They favor their ma. So glad you have the house matter settled. I will be able to help you pay off the mor[t]gage. I am sending Auntie the other \$500 to spend on making the house comfortable. I want her room made very snug & your room. Do not save it. I want it spent.

Revere was home for five days last week looking so well. He is to be transferred to the Canadian Field Ambulance as he has not enough to do in the present job All well - horribly busy & very hopeful. Much love

Yours,

W.O.

I have told Auntie to spend \$200 & you & Bertram \$300 on your side of the house.
