Dear Mrs Reid

I had a letter from President Wilson to the effect that the matter was under consideration & this morning Page writes that the appointments are to be made. Have you had any word from Gorgas? He has not replied to my letter in which I made mention of your generous offer. I suppose if they come over officially the Govt. will pay all expenses. I dare say by this time you have heard from Gorgas.

Your gift to the Libraries has been much appreciated. No doubt you have had many letters of thanks - some have come to me

Sincerely yours

W^m Osler
