Dear Streeter,

There is a copy of Reynald's Birth of Mankind 1545, which is really a first English edition of Reynald for 20, a very reasonable price, as these early editions are very rare and go up to 30. If it is not in the library, it would be worth while to raise the money for it, or you might like to yourself. Meanwhile I will hold it until I hear from you.

I was glad to read your paper in the J.H.H. Bulletin-- a very interesting study.

Sincerely yours,  
Wm Osler
