

5th July, 1916.

Dear Garrison:

I can get you a picture of Finlayson. Samuel West of Bart~~s~~  
is not dead - do you mean Charles - the pediatrician? It must be  
very hard to put in the new material. Shall be very interested in  
the Ross paper - Quote some of his poems. He thinks much more of  
them and of his mathematics than of the <sup>mosquitoes</sup> ~~Moyintes~~.

W.O.
