Miss Cameron,
Medical Library,
McGill University,
Montreal. CANADA.

Dear Miss Cameron:-

Very sorry the Avicenna is not one of the early editions. It is nice that you should have had a chance to meet your Collegues at the Medical Library Association.

Give my greetings and best wishes to Miss Ross. My Library continues to grow and I have got it at last catalogued and classified. I have crossed the hundredth number in my Incunabula.

Sincerely yours,

(Signed)
