(To Mrs. Mullin, Hamilton, Ont.)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

Dear Mrs. Mullin:

Nov. 15, 1916.

I will certainly write to Dr. Welch about Robin, of whose good work he is certain to know. It will be fully a year before they organize.

I envy you a winter in California. All goes well here. Revere is with his battery in a dugout on the Somme dodging gas shells.

Give my love to the nurse.

Sincerely yours,

Wm Osler
