Dear Davison,

Yours of 23rd this a.m. All goes well here, but I have been away too much. This C.A.M. Corps now has been very unpleasant. Poor ——— was accused of graft. The Com. has cleared him. Miss Campbell was treated very hardly and transferred to Buxlin. Altogether it has been a horrid business. The new régime will settle things. I could get places for any *recent* graduates - 6 mos. service. I will get a specific statement from *Blenkinsop*. They are sure to keep you in Path. - great opportunity. They will need plenty of young fellows in the new Institute. Tell Penfield his accident papers from the State Dept. dated Sept. came yesterday. I will attend to it at once. Revere is on the *Aisne*, very full of work but writes *happily*. *Ancre*
