13 Norham Gardens.

W.O. to J. George Adami.
Xmas day. (1916)

(hand-written)

Dear Adami,

Archie Malloch had a letter this a.m. from Shipley in which he said you were coming over with the children. This means of course that my old friend L.M.C. has gone. Better so, than to drag on in suffering - but it will be a wrench for you and the children. It will be nice to have them here with you.

We are hoping to hear of Jones' reinstatement. The report of the revising committee is, I believe, strongly on his side. Armour tells me he put Sir Chas. Russell and a libel suit on to Bruce who has apologized for the false statement made re Beechboro.

I have been in bed for ten days with bronchitis - sharp attack. Am up now but rather knocked out.

Revere writes very cheerfully from Battery A, 59th Brigade on the Ancre.

Let me know at once when you come over. This letter may be too late. I have put in a return slip.

With much sympathy,

Ever yours,

Wm. Osler.
