Dear Ogden,

Yours of 10th just here. You will have had a little Xmas greeting from me in the shape of a book. It is nice to hear that your mother keeps well. Give her my love & best wishes. We have had a quiet Xmas, - only Mrs. Chapin, Grace's sister from Boston, & Archie Malloch with us. At the last moment the Wrights - (H.P.'s widow & 2 children) were prevented. Revere is with his Battery on the Ancre & naturally this keeps us anxious. He writes most cheerily. I am sorry Wilson sent his Dove so soon. I have been laid up for ten days with Bronchitis. Better again.

Yours ever

W^m Osler

Love to F. & the darlings.
