

From Dr. Malloch's Journal
Sunday, Dec. 31, 1916.

W.O. says how good Evans' American Bibliog. is. We walked to the Sherringtons - they were out. He talked about forthcoming catalogue. Will have difficulty in choosing for Bib. Prima. Question where to put Boerhaave. Will have splendid Bib. Literaria. At dinner the O's talked of the hot trip to Holland with Dr. Dock before coming to Oxford. Revere was sent to Scotland with Miss Nicholls. W.O. has English ed. of Schwammerdam - I think 1758. We talked at dinner of my father's quick recovery in the summer of 1912. Surprised to see functional case at that age (68).
