Dear Shepherd

Yes the apples came & Lady Osler wrote at once. They were excellent. Thank you so much. I hope Ernest will come to see us when on leave - do tell him. Revere is on the Ancre in the artillery & has had a very hot time since October, but he keeps well & likes the work, tho. it is very hard. I have had a bronchitis which has kept me housed for 3 weeks. You will have seen the War Committee Report - A.1. Jones is back. It was a damned shame to try to dislocate him. Bruce is of course furious. I hope he will be kept here & not go back to Canada & make trouble. I see Sharkey often - always asks for you & looks just the same. Sherry I saw the other day - his boys are well.

Love to Dorothy & all the family.

Yours ever

Wm Osler
