Dear Friedenwald

I am much distressed to hear of the death of my old friend Chambers. Thanks for your appreciative & very just notice. He was a fine fellow- a good type. I suppose he died of Angina - tobacco & ~~drive~~ - I used to chaff him about the strong cigars. He did a good work in the school & in the profession. All well here in spite of the worries of the war & our boy on the Crete, hard at it. Tis a deuce of a mess this old world has got into- Greetings to all old friends and your wife- & love to Julius when you next see him

sincerely yours
