*Miss Charlton*

May 7th, 1917.

Many thanks -- the Natural Theology has come. Ask B. to send me the account with the others when he finds them. Ask him too to look out for Canniffs, History of the Medical Profession in Upper Canada.

All well here and very happy that the U.S. has come in. So glad you like the work in Toronto. I hear the library grows rapidly.

Yours sincerely,

(signed) Wm. Osler.
