(hand-writing)

Dear Mrs. Singer,

That is good news about the F.N.C.P. I felt sure it would go through. I told the President that to pass over a man who was doing such good work would make Linacre turn in his grave. I am not disparaging of Magdalen. The other man was not elected, as I had heard. Do hurry back - there is so much to do and your mother can mind the farms without you. Sorry to have missed you Tuesday. I had a hard day in town - or rather out of town. So glad to hear that Dr. W. is here. I will call tomorrow. I have just heard from the Capt. Do send me his ~~E~~. address.

Yours,
W.O.
