Dear Shepherd.

I did not answer your cable as I was unable to contribute at the time. The Income tax had just been paid & had left my bank account very low. You have done splendidly & it will put the old M.G.H. in good form. The Carnegie gift to the College will be a great help. We are keeping well & doing what we can. I have to be away a good deal - meetings & war cases & odd jobs. The Library grows & I am getting the catalogue in good order; but my secretary is away & I have only a woman & an extra from the Bodleian. I wish you could see my division & arrangements. I dare say Birkett will tell you about it, as he was much interested. Now that Revere is gone I shall be able to leave the College money for its up-keep. Love to the girls.

I am glad E. is still at ⁹ Bramsholt - out of this present bat-

tle.

Bramsholt

Every yours,

W.O.
