April 11th, 1917. (1918?)

Dr. C. T. Howard

Dear Campbell:-

It is nice to hear that you are quite well again. You must be driven to death with work. Do not over do it. All goes well here - except for the gnawing sorrow in our hearts for the dear laddie. We are distributing Revere's small savings and I will send a cheque for \$500 Bk. of Montreal for Palmer. Invest it for him please.

Much the same type of work in the Hospitals - less Typ. and French fever - but scores of nerve shock and nerve wrecks. Clevedon goes strong. Fatcher is much appreciated at Orpington. Birkett comes to us next week on his way home for some months.

Love to you all.

Your loving,

O.
