

CUS417/125.85

Dr. William Osler to Dr. J. Collins Warren.

From the Regius Professor of Medicine, Oxford.

18 April, 1918.

Dear Warren,

I have asked Mrs. Meyers to send me all the Ether Day addresses and a copy of the Jubilee Celebration. I have your address and Welsh's bound together. I think you will be interested in my anaesthesia classification, a copy of which will go to Mrs. Meyers as soon as completed. Enclosed slip shows how I begin, which emphasizes the purely Boston origin of the discovery. I think the mottoes are Al.\*

I hope you are keeping well. We are bedevilled to death with many things. It is a great comfort to have visits from good Americans every few days. If "little Johnnie" comes over tell him not to forget where I live.

Sincerely yours,

Wm. Osler.

\*I will send this later.
