Dear Bill,

Thanks for the Bd-greetings. I shall be 69 tomorrow!  
Whew! how the time flies. Thankful to be so well - and  
for many things. I am writing to Elder. So glad you are  
sticking to No. 3. The astronomy had to be ordered from  
America and may be several weeks - so they said. All well  
& very much going on every day. Hampton Robb has been here  
for 4 days with the flu. Love to Archie. Nothing much in  
lately - except Secundas & a few medicated novels.

Yours,

W.
