Monday Eve. 22/7/18.

Dear MacAlister,

I have just returned from a most stimulating visit to the Amer. Hospitals in course of Organization at Hursley, Romsey, Moor Hill, Saresbury Court, and Portsmouth. Such a fine lot of fellows. The whole Winchester Southampton district is full. Will you ask the Council if notices of meetings of the R.S.M. could be sent to these Hospitals? One copy to be put up in the mess. I spoke to the men at each place and told them of the Society. They are organizing libraries and a joint Med. Soc. We hope to arrange regular visits to London and series of Demonstrations. Hug your Millionen close!

Glad to be again in the Lib. Com. and gladder to hear that Crawford is to be Librarian.

Yours,
Wm. Osler.
