Dear Hemmeter:

Have you any spare reprints of Pastor Tollin? I want particularly the one on Casalpinus, which appeared in the Arch. der Physiologie - and any of the Servetus ones, <sup>of which</sup> ~~if ab.~~ I have only the Toulouser Studendleben & the Biographisch ~~Seitlinge~~ <sup>zur</sup> Geschichte der Toberanz.<sup>?</sup> They seem very difficult to get.

I hope you are better - All well here. So many Americans coming & going all the time. Such fine fellows.

Sincerely yours

W<sup>m</sup> Osler.
