Oct. 19th, 1918.

Dear Warren,

I cabled this a. m. the greetings of a group of M. G. H. men who kept ether day here and had a jovial time at the Am. Club. Washburn gave an account of the origin and objects of the day and then I showed the Morton documents and the early publications--and with them the Vol. showing the Warren contributions thro' five generations.

Yours ever,

Wm. Osler.
