

(copy)

13, Norham Gardens, Oxford.

Nov. 4, 1918.

Do you remember Brooks paper on Harvey as an
Embryologist which appeared in the J. H. Bulletin?

I want a reprint if there was one. Do you think
young Brooks or Welch or Halsted would have a copy?

* All well while the flu outbreak is serious.

Love to the girls.

WM. OSLER.
