Dear McKenzie

Just what I wanted - many thanks. It will go in my Bibliotheca literaria Now do something else - jot down for me the names of Doctors you know, who have achieved some measure of success in Art - Of course I know Seymour Haden & Thomson & one or two others but in France & Germany & Italy there must be others. Any in the U.S.? All well, and all so gratified by the Presidents visit, which has done great good.

Love to your wife.

Yours
