Dear L.L.M.

Yours of 19th here. I will ask the Trustees to send Ferguson to you, & Stirling also will probably have a spare copy.

Sorry you could not get over. I was looking forward to seeing you, as your advice is badly needed. What an interesting Library you have described! unique in its way.

Thanks for the Servetus notes. Do you mean the Conrad Gesner bibliography? I will look up the reference. My G. list is growing. The difficulty is to get the time - there are so many calls & we have had a constant stream of visitors. Billie Francis is working on Board in London & comes for the week ends.

Yours ever,

W^m Osler.
