Dear Jacobs;

Thanks for the Book Collectors book by Newton - full of interest and many little details not much known. Poor Isaac would have appreciated it. I am getting his books together & adding a few of the old books which he had always wished to have. With my Shelleys, &c., it will make a nice beginning.

We have had a ^{wishing?} wishing season - the house full; 8 for Xmas and so many coming and going since. We hope to have Harvey Cushing soon. Thayer will give you late news of us. Hugh Young was here last week end, and yesterday that nice Tb. man, Wyatt.

Love to you all & to the dear Futchers. I hope by this time you will have the Huxley placque.

Yours ever,

Wm. Osler.
