13, Norham Gardens,

Oxford

21st February, 1919.

Dear Shepherd

I am delighted to hear that you are writing an account of the old College days, as you can give delightful pictures of Sutherland, Wright and others.

I hope you will see Todd on his way through - a very likely candidate, I should say. Poor Peterson! It's a pity the stroke had not been harder. I saw Sharkey the other day and busy with War work.

Love to the girls.

Ever yours,

W<sup>m</sup> Osler
