Feb. 24. ✓

To Dr. Montgomery, San Francisco.

Thanks for your note and enclosure about Reeve who was one of my oldest friends. He did a great work for the profession in Toronto. So glad he died the death of the righteous - with his boots on. I wish you could come to our Rabelais meeting in April at the Royal Soc. of Medicine; W.D. Smith is to read the chief paper, and I am arranging an exhibit.
