[To Lt. Col. Sir Leonard Rogers, I.M.S]

(hand-written)

13, Norham Gardens, Oxford.

Sunday 16th (Mar., 1919)

Dear Rogers

Yours of Feb. 19th just in - much quicker than usual.

I will write to Fletcher about the Tb. work for which the Lister Institute would give you every facility. Would you like me to ask Martin? and I am sure F. would give a grant from the Nat. Res. Com. The S. morr.* looks hopeful, but 'twill need much work.

Thanks in advance for the M.s.s.** 'Tis so good of you to have attended to my wishes. I am anxious to have good examples of the Indian Med. classics in my Library.

Let me know about your movements - as it would be very nice to have everything arranged for the Tb. work

Yours sincerely

W^m Osler

*In answer to my letter saying I hoped to come home soon to work at sodium morrhuate in tuberculosis experimentally, and asking his advice. L.R.

** Acknowledging some fresh manuscripts I had sent, obtained from Nepal. I gave him both lots for his library. L.R.
