

Sir Wm's
Heart &
Arteries
books &c.

Also the
Tb ones.

(From Miss Smart's notebook)

To Dr. Hurd, Baltimore.

So glad to see your handwriting - very much as of old.
Am delighted with the picture of the Hurd library: I hope
they will get on with it. I shall arrange to send my heart
and arteries books and pamphlets to it, and the tuberculosis
one to the Phipps, or I suppose now all the departmental
libraries will come in the Hurd building...

March 18.
