Dr. Geo. W. Norris, Phila.

Dr. James Tyson. I was sorry to hear of my old friend, Jim Tyson's, death - a splendid illustration of what a man may accomplish in life with a single talent. He was a guileless, innocent soul. Your father was very much attached to him, and we all were at the Club. U I am very distressed to hear that Henry is failing - do give him my love and look after him well. My greetings to Landis and all old friends...
