

Dr Radin

13 Norham Gardens,
Oxford.

14th April 1919.
Dear Radin: I am glad you have written
on Bridges who lives in the neighborhood,
and to whom I will show the article.
He is a wonderful technician, but I wish
he had a little more music in his soul.

I am going to have a new photograph
taken at an early date, and will certainly
send you one. They sent me a copy of the
Canadian Quarterly with your article, which
has been much appreciated by my friends
and relatives.

Sincerely yours,

W. O.
