

CUS417/129.5

To Sir J. MacAlister.

From the Reg. Prof. of Med. Oxford.

13, N. Gds.

July 2, 1919.

Dear MacAlister,

I am afraid we shall need all your energy and skill as a merger. The Association has ~~been~~ already organized and the representatives from the schools are appointed, and I see no reason why we should not be ready to take on work on October 1.

I am sure it would be much more satisfactory for the Post Graduate section of the Fellowship to throw its energy in with the body which has much more representative organisation.

On the other hand, while we have been talking, the Fellowship has been doing the work. Altogether the situation is not an easy one.

Sincerely yours,  
Wm. Osler.
